1.Planning and Development

For this planning and development institute is having the software called as AIMS (Academic Information & Management System). All the administration works of the institute are monitored through this software. Purchasing of laboratory instruments, billing records, these type of works are done through this software. This software is having two modules which are of primary importance, in which first module is of Academic Module and second one is Finance module. In this software the teachers of our institute enter their academic planning of syllabus. The attendance records are also planned and arranged with the help of this software. Through this we can monitor internal assessment, web tool kit, academic monitoring, employee portal, and time table

2. Administration

In administration department we use AIMS (Academic Information & Management System) software. Purchase details, stock records/ registration, billing records, these types of works are performed through this software. In finance regarding works we use TALLY software, for communication we use internet and windows office (OS). For student data recording, I-Card issue data we use AIMS.

For Internal and External communication our all staff use the Email facility from the www.smcollege.in

3. Finance and accounts

In this finance and accounts institute uses the software called AIMS, which is having its second module as Finance module. This Finance module comprises of various worksheets such as

- i) Students fees balance
- ii) Vendor Party's payment information (bills and purchasing)
- iii) Maintenance
- iv) Other Expenses.

Through these all the finance related works are arranged in proper manner. The account department uses the TALLY software and excels spread sheets for monitoring the salary related matters of the employee.

The salary of employees is directly transferred into their respective bank accounts monthly.
